

International Federation of Actors - North America passes Blue Man consumer support resolution

Meeting in Toronto on May 14 and 15, 2005, the members of FIANA (FIA North America), including Actors' Equity Association, Alliance of Canadian Cinema, Television and Radio Artists, American Federation of Television and Radio Artists, Canadian Actors' Equity Association, Screen Actors' Guild and Union des artistes, pledged their continued support of Canadian Actors' Equity Association, IATSE - Locals 58 and 822 and the TMA - Local 149 of the American Federation of Musicians' struggle to bring the Blue Man Group to the bargaining table. Blue Man Group will open a production in Toronto in June 2005 at the newly renovated Panasonic Theatre.

Each FIANA affiliate will instruct its members to refuse to audition or provide service to this producer for the Toronto production until successful negotiations are concluded with the relevant Canadian associations and unions. We express disappointment at Panasonic Canada and Clear Channel Entertainment's connection to this unfortunate situation and request that these organizations intervene directly to bring about resolution to this situation.
