Dear Brother Graham,

The National Union, representing 340,000 public and private sector workers in Canada, fully endorses the ongoing boycott, by the theatrical unions and guilds, of the Blue Man Group production in Toronto.

We strongly agree that the Blue Man Group and Clear Channel Entertainment should bargain with the appropriate organizations with the goal of reaching fair and just collective agreements for the workers involved.

The National Union will advise our members of the boycott and post a link to bluemanboycott.com on our website.

In solidarity,

James Clancy
National President
