Dear Susan:

At its meeting on March 29th, 2005, the Council voted to support Canadian Actors' Equity's decision to work towards a bargaining agreement with Blue Man Group Productions and vowed to continue the boycott of Blue Man Group Productions until said agreement is achieved.

The actions taken by Blue Man Group are an affront to the quality of life of professional artists and technicians working in Toronto. Actors' Equity Association is proud to stand with Canadian Equity against such maneuvers.

In solidarity,

Alan Eisenberg
Executive Director
